Notes: Adults with family income at or below 62.5% of the U.S. Dept. of Health and Human Services federal poverty guidelines for Hawai`i (1993) will meet the Medicaid-QUEST income eligibility criterion and will not be subject to the QUEST enrollment cap. Adults with children in this income group are normally eligible for Temporary Aid to Needy Families (TANF). Adults with family income greater than 62.5% FPL (1993) but less than or equal to 100% FPL are typically income eligible for free medical assistance under Medicaid-QUEST but are subject to the QUEST enrollment cap. Beyond 100% FPL only pregnant women in families with income less than or equal to 185% FPL are eligible for free medical assistance under Medicaid-QUEST. Income data are based on the household unit.
